The people of Oakland have a vision for a city that reflects the values of equity, opportunity, health, justice and sustainability.

Many elected officials claim to represent these progressive values, but

how do the people of Oakland know who is really standing up for our communities?

The OPEN Scorecard helps the people of Oakland track the decisions of our elected officials.

E | N

Each year, OPEN (the Oakland Progressive Empowerment Network) and its members meet to develop a platform of progressive policies. The MSC Action Fund uses this platform to create the scorecard. This first year, the OPEN Scorecard tracks votes and official actions of the City Council. Each year it will expand to include more leaders and more votes.

To learn more about how City Council members earned their grades, take a look at the **OPEN SCORECARD GUIDE**, available for free at www.progressiveoakland.net.

OPEN and any organizations affiliated with OPEN are non-partisan and do not endorse any political candidate. The OPEN Scorecard was entirely produced and paid for by the MSC Action Fund, a 501(c) 4 non-profit organization. OPEN members did not participate in the creation of this scorecard.
